Fig. 1B

A detailed cross-sectional view of a multi-layered structure. The structure consists of several horizontal layers. At the bottom is a thick base layer (1). Above it is a thin layer (2). The middle section features a complex assembly with multiple layers and components. A central vertical component (9) is shown in cross-section, surrounded by other layers (4, 5, 6, 8, 10). A horizontal layer (3) is visible on the right side. The top layer (8) has a wavy, undulating surface. Various components are labeled with numbers 1 through 10, indicating different parts of the assembly.
